4. Why do I need to enable cookies to shop on your website?

Checkout Questions

1. How do I place an order?

To place an order:

1. Add the items of your choice to the cart by clicking on the 'Add to Cart' button on the product's page.
2. Click on the 'Cart' button on the top right corner of the page to access your shopping cart.
3. Check the items you've added and click on the 'Proceed to Our Secure Checkout' button on the bottom right corner of the page.
4. Enter the necessary information and follow the prompt buttons at the bottom of the page to proceed to the payment gateway.
5. Pay using the payment method on the secure site.
6. You should be redirected to an order confirmation page on [<url>](#) once your payment goes through.

2. Where can I find my shopping cart ID?

To access your shopping cart ID:

1. Click on the 'Cart' button on the top right corner of the page to access your shopping cart.
2. Find the shopping cart number at the top left corner of the page under the <company name> logo.
3. Make a note of this number when contacting customer service for seamless assistance.

Order Questions

1. Can I add more items or modify my order?

<company name> does not guarantee modifications or additions to your order. However, you can still try contacting us at the earliest if you wish to add more items, modify, or cancel your order with us.

2. Can I cancel my order?

Contact <company name> support at the earliest if you wish to cancel your order. If you are a registered user, you can visit the 'Orders' section of your account by hovering over the 'Account & Orders' dropdown menu at the top right corner of the <company name> homepage. You can then take a look at your orders to know if cancellation is possible.

3. How do I check my order status?

To track your order's status:

1. Hover over the 'Account & Orders' dropdown menu on the top right corner of the <company name> homepage.
2. Click on 'Orders' to access your orders with us.
3. You can then click on the order from the list to track its status.

Account Questions

1. Where do I register an account on <company name>?

To register an account on <company name>, visit [<url>](#) and click on 'Log in' at the top right corner. Then, click on 'Create Account' in the bottom right corner to create a new account.

2. How can I edit my account information?

To edit your account information:

1. Log in to your <company name> account from the homepage.
2. Navigate to the 'Account & Orders' dropdown menu on the top right corner of the homepage.
3. Click on 'Account' to access account information.
4. Your account's details can be found on the left side of the page.
5. You can find several details here, including your shipping addresses, orders, reviews, tickets, shopping carts, wallet activity, wishlists, reviews, tax-exempt status, and your browsing history.
6. You can update relevant information in each of these sections and save them for future use.

3. How do I create a <company name> account?

To create an account on <company name>:

1. Visit [<url>](#) and click on 'Log in' at the top right corner.
2. Click on 'Create Account' at the bottom right corner to create a new account.
3. Enter your details and click on 'Create Account'.
4. Verify your email address by clicking on the link sent by <company name>.

4. What can I do with my <company name> account?

Your <company name> account allows you to do the following:

- Place and track orders
- Check an order's status,
- Track your wallet usage,
- Change your information,

- View past orders,
- Edit wishlists,
- View saved shopping carts,
- Track complaint tickets, and
- Access product browsing history.

Access your account by clicking on the 'Account & Orders' dropdown menu at the top right corner of the homepage, followed by clicking on 'Account' under the dropdown menu. You must be a registered user to access your account on the <company name> portal.

5. I forgot my password. How can I reset it?

To reset your <company name> account password:

1. Click on 'Log in' at the top right corner of the homepage.
2. Click on 'I forgot my password' at the bottom left corner of the login portal.
3. Enter your registered email address and click on the 'Send reset link' button.
4. Reset your password using the link sent to your registered email address.

Privacy Questions

1. Are the off-site links on <company name> safe?

Yes, all off-site links have been verified and checked for any security concerns before being posted on the <company name> website. <company name> values your safety and security and aims to provide a secure shopping experience to all customers. We use the most secure SSL technology to ensure there are no threats to customer privacy and security.

2. Will my personal information be shared with other firms?

No, <company name> does not share customer information with any third-party company. We have a very strict policy regarding customer information and take your privacy very seriously.

3. Does <company name> collect any personal information while I'm using the website?

<Company name> owns customer information on the website entirely and does not share it with any third party. We only utilize customer information to:

- Process orders
- Offer a personalized shopping experience for customers that have registered with us

- Send email newsletters and promotional content with several specials and other useful information
- Assess site traffic and improve the usability of the website

4. Why do I need to enable cookies to shop on your website?

<Company name> uses cookies to identify each customer. A cookie is a small text file that is stored on your hard drive and collects information based on the web pages you visit. They do not divulge any personal information about you and are only used as an identifier. Cookies allow us to keep track of your activities on our website, such as:

1. What you add to your cart
2. Your purchases
3. When you last logged in

Therefore, to shop on our website, you must have cookies enabled.

To learn how to enable cookies, click on any of the links below that correspond with your browser and follow the instructions:
